WHO SHOULD ATTEND?

Physical Therapists, Occupational Therapists, Speech and Language Pathologists, Adaptive P.E. Teachers, Mental Health Care providers, Kinesiologists and Professionals involved with special needs children, adults or senior citizens, Parents or Caregivers of Individuals with Special Needs and Early Childhood Educators.

LEVEL 1 COURSE NO PRE-REQUISITE

BRMT and Primitive Reflexes

In this course, participants learn the basics of BRMT, how movements can be used to assist in regulating muscle tone and stimulating the connections within the brain, especially as they relate to impulse control and attention.

Some of the topics included in this course:

- The Triune Brain as a metaphor
- Development and primitive reflexes
- Brain Stem, Cerebellum, Basal Ganglia
- Identifying active primitive reflexes
- Movements to integrate these reflexes
- Reflexes covered – TLR, Amphibian, STNR, Babinski, Landau, Spinal Galant

[Course Detail](#)

Date: **8 - 9 June 2017** Time: **8.30am - 4.30pm daily**

BRMT AND DIET IN AUTISM, ADD/ADHD AND OTHER BEHAVIOR OR HEALTH CONDITIONS

No Pre-requisite. BRMT Level 1 encouraged

This 2 day course deals with the great importance of diet and food supplements when working with rhythmic movements, not only in autism but also in ADHD, dyslexia and motor problems. Food intolerance is becoming more common and may interfere with the training outcomes. Food is medicine. You are what you eat.

This course teaches how to test for food intolerances and food supplements for themselves and their child or clients. The course also deals with primitive reflexes which are especially common in autism and how to conduct the training with children suffering from autism and ADD.

Reflexes taught in this class includes Fear Paralysis, Babkin, Grasp and Hands Pulling. Cerebellum, Limbic System and Prefrontal Cortex are reviewed.

[Course Detail](#)

Date: **10 - 11 June 2017** Time: **9.00am - 4.00pm daily**

LEVEL 2 COURSE

PRE-REQUISITE: BRMT LEVEL 1 OR EC PART 1

Emotions and Inner Healing: The Limbic System and Self-regulation

This intermediate level course addresses how BRMT affects emotional regulation. Participants will learn movements to support the connection of the limbic system to the prefrontal cortex and techniques to modulate emotional responses.

Some topics included in this course:

- Emotional development
- Moro & Fear Paralysis, Tendon Guard, Spinal Perezze Reflexes
- Motor function and the Limbic System
- Muscle tension and repressed feelings
- Frontal Lobes, the Limbic System and BRMT
- Autism and BRMT- emotional self-regulation

Course Detail

Date: **13 - 14 June 2017**

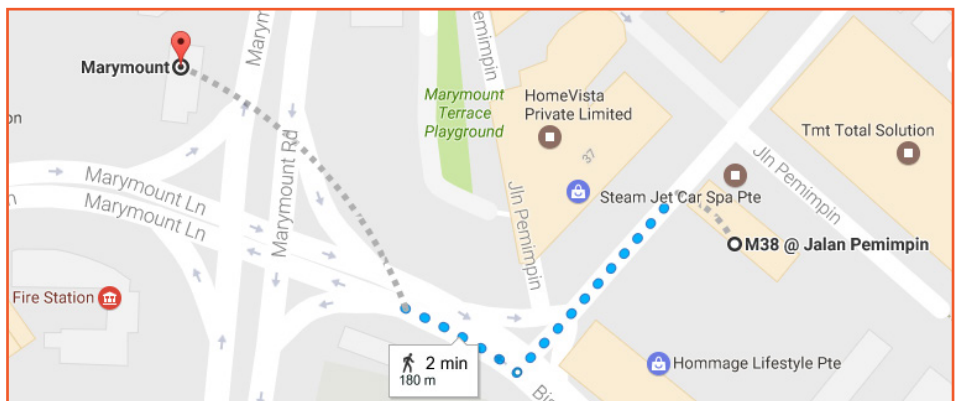

Time: **9.00am - 4.00pm daily**

ALL COURSES WILL BE CONDUCTED AT:

16:9 Productions Pte. Ltd.
38, Jalan Pemimpin, #06-05, M38
Singapore 577178

Nearest MRT Station

Marymount (2 mins walk)

ABOUT THE TRAINER

Kate Wagner, MA

Kate Wagner, MA is the U.S. distributor of Dr. Blomberg's original work, BRMT. She is the most highly trained RMT instructor in USA with over 800 class hours training with the founder, Dr. Harald Blomberg, since 2012. Her position involves training and licensing BRMT consultants and instructors as well as editing and publishing all the English manuals and books Harald Blomberg produces. As she teaches around the country she witnesses many changes in people in class and gets feedback from course participants about the positive changes they experience with their clients and children. Kate is a master educator with over 20 years of teaching experience. She came to this work for her family and students and stayed because of the many personal benefits she experienced.

ABOUT BLOMBERG RMT

Dr. Harald Blomberg

Blomberg RMT is a comprehensive, holistic program that includes courses in dream interpretation (Dr. Blomberg's favorite course to teach), Diet (since food is medicine), a course for those who work with Cerebral Palsy, classes for OTs and PTs who work with adults (BRMT and Pain Management), BRMT for Kindergarten (ages 2-8), Exceptional Children for those who aren't able to use muscle testing, and In-Depth courses for each level which are like a master class of theory and application. Each course teaches a different combination of reflexes and how to stimulate key parts of the brain. It is required that everyone start with the Level 1 course and then move freely throughout the program's offerings.

PAYMENT DETAILS

EARLY BIRD FEE

Register before
30 April 2017

COURSE FEE STRUCTURE

- BRMT Level 1 + BRMT and Diet in Autism and ADD/ADHD S\$1,000
(2 courses in total)

- BRMT Level 1 + BRMT Level 2 S\$1,000
(2 courses in total)

- BRMT Levels 1, 2 + BRMT and Diet in Autism and ADD/ADHD S\$1,500
(3 courses in total)

After 30 April 2017, S\$600 per course

Course fees include course manual, certificates and 2 tea breaks daily (lunch not provided but can be arranged with prior notice).

Private consultation with Kate Wagner is available. **Please contact Angela before 9 June 2017 for details and to arrange for an appointment.**
