105

DOUBLE DOODLE PLAY

WHAT IS DOUBLE DOODLE PLAY?

Double Doodle Play (“DDP”) is one of the **26 Movements** in the Brain Gym Learning Menu. Double Doodle Play uses creative art and various Vision Gym® activities to enhance visual perception and artistic expression for whole brain learning.

DDP is beneficial to everyone from the very young to the very senior. It is also beneficial for children and adults with learning challenges such as:

- Directional issue
- Spatial intelligence / awareness
- Hand-eye coordination
- Attention Deficit Disorder / Attention Deficit Hyperactivity Disorder
- Autism Spectrum Disorder
- Dyslexia
- Dyspraxia
- Coordination difficulties
- Parkinson’s Disease
- Stroke

At the end of the 8 hour International Certification Course, the participant will be able to:

- Enhance visual perception and artistic expression
- Experience hand-eye coordination
- Experience Gross and Fine motor skill with the 5 key hand movements
- Enhance communication skills
- Learn how to reduce stress on eyes and brain
- Use creative expression through art

Who should attend?

Parents, educators and special needs educators, and therapists.
This course is open to all.
